BEFORE THE BOARD OF COMMISSIONERS OF LANE COUNTY, OREGON

ORDER NO: 23-09-19-08	IN THE MATTER OF AMENDING LANE MANUAL CHAPTER 9 TO ADD A PROVISION FOR EROSION PREVENTION, EFFECTIVE JANUARY 1, 2024 (LM 9.030)

WHEREAS, certain changes to Lane Manual Chapter 9 are required to add a provision for erosion prevention;

NOW, THEREFORE, the Board of County Commissioners of Lane County **ORDERS** as follows:

Lane Manual Chapter 9 is amended effective January 1, 2024, by removing, substituting and adding the following sections:

REMOVE THESE SECTIONS	**INSERT THESE SECTIONS**
NONE	9.030 – 9.030.115

If any section, subsection, sentence, clause, phrase, or portion of this Order or the referenced Lane Manual provisions are for any reason held invalid or unconstitutional by any court or administrative agency of competent jurisdiction, such portion is deemed a separate, distinct, and independent provision, and such holding does not affect the validity of the remaining portions.

Said sections are attached hereto and incorporated herein by reference. The purpose of this addition is to add a provision for erosion prevention effective January 1, 2024.

ADOPTED this 19th day of September, 2023.

Pat Farr, Chair
Lane County Board of Commissioners

9.030 – EROSION PREVENTION

9.030.100 – Definitions

For the purposes of this subchapter, the following words and phrases shall mean:

"Director" means the Director of the Lane County Department of Public Works or their designee.

"Erosion Prevention Manual" means the Erosion Prevention Manual as approved and amended periodically by the Director.

"Lane County Erosion Prevention Regulations" means the construction site erosion prevention requirements as regulated through LC 9.090.

9.030.105 - Erosion Prevention Manual

It is the policy of the Board to grant to the Director authority to write, approve, and maintain an Erosion Prevention Manual for the purpose of implementing erosion and sediment control measures for private development construction sites.

A. The Director shall update the Erosion Prevention Manual on a regular basis and as needed.

B. The Manual shall be available to the public.

9.030.110 - County Soil and Contour Maps

The Director shall prepare and maintain a map showing the contours and soil erodibility within the county.

A. Erodible soil mapping shall be based upon the United States Department of Agriculture (USDA) Natural Resource Conservation Service (NRCS) erosion hazard rating data.

B. Contour data shall be based upon the best available data, including LIDAR and non-LIDAR sources where LIDAR may not be available.

C. The Director shall update the county soil and contour maps as needed and as new, more accurate, data sets are made available by the NRCS or other agencies.

D. The county soil and contour maps shall be available to the public.

9.030.115 - Intergovernmental Agreements

In order to facilitate the implementation of erosion prevention regulations and maintain regional consistency in permit requirements, the Director may enter into intergovernmental agreements with cities within the county to apply Lane County Erosion Prevention Regulations within city limits.

A. The Agreement shall ensure that the City adopts land use regulations within the city limits that are identical to Lane County Erosion Prevention Regulations.

B. The Agreement will be established with an effective date and duration, and will require periodic review and renewal.

9.030 – EROSION PREVENTION

9.030.100 – Definitions

For the purposes of this subchapter, the following words and phrases shall mean:

"Director" means the Director of the Lane County Department of Public Works or their designee.

"Erosion Prevention Manual" means the Erosion Prevention Manual as approved and amended periodically by the Director.

"Lane County Erosion Prevention Regulations" means the construction site erosion prevention requirements as regulated through LC 9.090.

9.030.105 - Erosion Prevention Manual

It is the policy of the Board to grant to the Director authority to write, approve, and maintain an Erosion Prevention Manual for the purpose of implementing erosion and sediment control measures for private development construction sites.

A. The Director shall update the Erosion Prevention Manual on a regular basis and as needed.

B. The Manual shall be available to the public.

9.030.110 - County Soil and Contour Maps
